CRAIG KOEHN
president

Craig Koehn, P.E. - Presidentckoehn@ebeamce.com**Education:**

M.S. Industrial Engineering, University of Houston
B.S. Architectural Engineering, Kansas State University

Registration:

Texas, Louisiana, Arkansas, Ohio, Florida, California, Arizona, New Mexico and the National Council of Examiners for Engineering and Surveying

Professional Affiliations:

Illuminating Engineering Society (IES)
National Society of Architectural Engineers (Founding Professional)
National Fire Protection Association (NFPA)

Experience:

During his years of experience, Craig Koehn has developed strong engineering and management skills. In 2002, Craig formed E/B/E, Inc. as an electrical/mechanical engineering services company providing quality engineering services for urban business environments. Craig's proactive management and attention to detail are keys to his proven track record with projects that have challenging design constraints.

Kevin Bruns, P.E.. - Vice Presidentkbruns@ebeamce.com

KEVIN BRUNS
vice president

Education:

B.S. Architectural Engineering, Kansas State University

Registration:

Texas, Kansas, Louisiana, Colorado, Missouri and the National Council of Examiners for Engineering and Surveying

Professional Affiliations:

American Society of Heating, Refrigerating and Air Conditioning Engineers (ASHRAE)

Experience:

A registered professional engineer, Kevin's responsibilities include project management, architectural/MEP project coordination, and engineering team management. He is responsible for coordinating the electrical and mechanical design of the project, and acts as single-point of contact with the client. Kevin's experience includes power distribution, lighting, mechanical and plumbing design.
